《乙世》里」「国"9四岁 PATENT FIRE ARMS MANUFACTURING CO.

Pistols, Rifles, Carbines and Shot Guns. GREAT REDUCTION IN PRICES. Simple Reasons for preferring Colt's Arms t

all others.

1. They have been theroughly tested by all classes of men in every country, and from the first rifle fired in Florida, during the Indian war in 1837, to the present hour they have always respended to the touch of their owners in the time of danger.

2. They have a force and accuracy which have no parallels in the history of fire-arms.

3. They do not endanger your eyesight and brain, as do the arms with patent primers, which fly like shells into many pieces.

do the arms with patent primers, which fly like shells into many pieces.

4. They do not stick fust, refusing either to open or shut without the aid of an axe when heated, as do the guns which open like melasses gates or nut crackers.

5. They leave no burning pater in the harrel after a discharge, to blow the next cartridge into your face, as do the guns which open from behind.

6. They are simple in construction, and easily taken care of as any ranger or cavalry soldier will tell you.—Treat them well, and they will treat your enemies badly.

7. They are made of the best steel that can be procured for money, and have the strength to resist the explosive force of guapowder, while the mongrel imitations and cheap arms are clumnly made of east iron or inferior materials, and are more dangerous to their owners than they are to all others.

8. They are well finished, and as cheap as a good arm can be made by the aid of modern machinery and skillful labor.

9. They are always worth what they cost—in the Far

labor.

9- They are always worth what they cost—in the Far West much more, almost a legal tender! If you bay anything cheaper, your life, or that of your sompanion may hatance the difference in cost.

10. If you buy a Colt's lifle or Pistol, you feel certain that you have one true friend, with six hearts in his body, and who can always be relied on.

11. They can be carried loaded and capped, with entire safety. In raim, or when waiding or swimming rivers, they remain water-proof.

CHEROK REMDY

AN UNFAILING CURE FOR Gonorrhea and all Diseases of the Urinary Organs.

Organs.

This Remedy cures when all other preparations fail. It is entirely unlike every other compound; containing no Mineral Poison or Nauscous Drug; as it is prepared solely from Roots, Barks, and Leaves, and has been handed down from one generation to another, by the Cherokee Indians. It is offered to the public on its own intrinsic merits. It performs duty quickly and thoroughly. The Unfortunate of either sex will be repaid by using this Remedy, instead of placing themselves at the mercy of some Quack or Professor. This REMEDY strikes at the very ROOT of the disease; its tendency is not simply to aspend the poison, but to remove the cause on which it depends. Full directions in pamphlet form, accompanying each bottle. The speedy and permanent relief afforded by this Remedy, in all cases of GONORRHGEA, (CLAP, GLEET, GRAVEL, STRICTURE, FLUOR ALBUS) (WHITES IN FEMALES,) and all diseases of the Urinary Organs, has astenished the most scientific men of the age. This Remedy not only eradicates all Poison from the System but Invigorates the most delicate constitution.
